

Mission Handbook

Everything a new astronaut needs to know before liftoff: the learning loop, how progress is tracked, and how to get the most out of every mission.

1. The learning loop

Every course is a mission made of modules and lessons. Lessons can be videos, interactive SCORM packages, documents, quizzes, assignments and live sessions.

- **Learn** — watch, read or explore the lesson content.
- **Practice** — answer quizzes and submit assignments.
- **Earn** — collect XP, badges and certificates.

Tip: take notes while you learn — they are saved per lesson and only visible to you.

2. XP & levels

Action	XP
Complete a lesson	10
Pass a quiz	25 (+15 for a perfect score)
Finish a course	100
Review a course	5

Keep a daily streak to unlock the Warm-up Burn and Hyperdrive badges.
